

NOVA FOREVERSEAL

FOAM PAD HOOD (FPH) SERIES DOCK SEAL

The ForeverSeal Foam Pad Hood (FPH) Dock Seal features a patented quick-mount system with a lightweight polymer backer and side bracket. This innovative design allows for the easy replacement of covers without the need to replace the entire seal. The covers simply slide in, wrap around the seal face, and attach securely with Velcro®. If the seal requires replacement, the base structure of the brackets remain mounted on the wall, making seal replacement simple and efficient. The FPH features a hood-style head curtain in place of a head pad with a metal pipe and fiberglass stays in the fabric hood to maintain support and serviceability. Designed for door openings up to 9-feet wide x 12-feet high.

- Available in several top-grade fabric types, weights and colors
- High-density polyurethane foam for added resiliency
- Foam is bonded to the backer with high-strength adhesive
- Hood drop can be customized to accommodate various truck heights
- Metal pipe and fiberglass stays for added support
- Patented quick-mount system with a lightweight polymer backer and side bracket for easy cover replacement
- Heavy-duty galvanized mounting hardware
- Ventilation slits ensure proper air circulation
- Full-height yellow guide stripe standard
- Velcro® attachments
- Chain-weighted drop curtain standard
- All sew lines are lock-stitched and reinforced with UV-resistant thread

ForeverSeal Foam Pad Hood (FPH) Dock Seal

DESCRIPTION:

Base Fabric:

- Vinyl - 18 oz., 22 oz., 40 oz.
- NOVALON* - 16 oz., 40 oz.
- Max 60, Max 1000

Reinforcing Fabric (Multiple Layers):

- Vinyl - 18 oz., 22 oz., 40 oz.
- NOVALON* - 16 oz., 40 oz.
- Max 60, Max 1000

Wear Pleat Spacing:

- WP4 • WP8

Fabric Colors:

- Black is standard - call for other color options

*NOVALON™ is the equivalent replacement for HYPALON®, a trademark name used by DuPont.

- Wear pleats
- Wear face
- Bottom flaps
- Drop curtains
- Pull rope system for hood
- 2-inch foam-filled drop curtains
- Flame-retardant fabric
- 24-inch yellow guide stripe

NOVA FOREVERSEAL

FOAM PAD HOOD (FPH) SERIES DOCK SEAL - PRODUCT SPECIFICATIONS

MAXIMUM ENERGY SAVINGS:

- Weather-tight enclosures keep moisture out
- Seals gaps to prevent warm/cold air infiltration
- ROI from energy savings pays for the sealing system in 2 years

EXCEPTIONAL VERSATILITY:

- Several styles available to accommodate any type of truck
- Designed to fit doors up to 9-feet wide and 12-feet high
- Options for larger doors also available
- Tapered for grade of approach

EXTREMELY COST EFFECTIVE:

- Dock seals can be re-covered multiple times throughout their lifespan
- Approximately 50% cost savings over a ten-year period
- Repeat business for dealer
- Lowers energy use and overhead expenses
- Improves employee safety, and productivity
- Provides added freight protection
- Increases building and trailer security
- Docked trailers can be used for storage

ROBUST PERFORMANCE & DURABILITY:

- Patented quick-mount system with a lightweight polymer backer for easy cover replacement
- Patented lightweight polymer backer is environmentally friendly and will not warp or rot
- Rugged construction for high-traffic docks
- Top-grade cover material and optional wear pleats for enhanced durability
- Variety of fabric types and weights to choose from
- High-density polyurethane foam for added resiliency
- Frames are made of pressure-treated, kiln-dried wood
- Heavy-duty galvanized mounting hardware
- Velcro® brand attachments
- All sew lines are lock-stitched and reinforced with UV-resistant thread

EASY INSTALLATION OF REPLACEMENT COVERS

- Compact to ship
- Easy to install
- Replacement covers slide in and out

Patented lightweight polymer backer is environmentally friendly and will not warp or rot

Patented polymer side bracket for easy cover replacement

Patented quick-mount system allows easy-to-install replacement covers that slide in, wrap around the seal's face, and attach to Velcro®
